for everyone*

KIDDIE KRUZZER®

STROLLERS AND VENDING STATIONS FROM SMARTE CARTE

smartecarte

Kiddie Kruzzler strollers offer **child-friendly fun** for your guests. Whether you choose to rent individual strollers from guest services or opt for **self-service or semi-automatic** vending stations that dispense strollers to your guests, the Kiddie Kruzzler suite of stroller products offers **flexible options to fit your needs**.

Your program choices are plentiful

- 1 Purchase
- 2 Lease
- 3 Revenue Share

Kiddie Kruzzler strollers come in a variety of colors and themes, and you can mix and match single strollers, double strollers, and extended cab strollers on the same vending station. Vended strollers can be configured to a variety of layouts, including single sided, double sided, "T" and "U" formations. Strollers include parcel bags for easier shopping.

Don't qualify for a revenue share program? The Kiddie Kruzzler strollers and vending units are available for purchase or lease. Even if your property doesn't generate enough volume to qualify for a revenue share program, you can still offer fun strollers to your guests.

Kiddie Kruzzers strollers are the best solution for your property if...

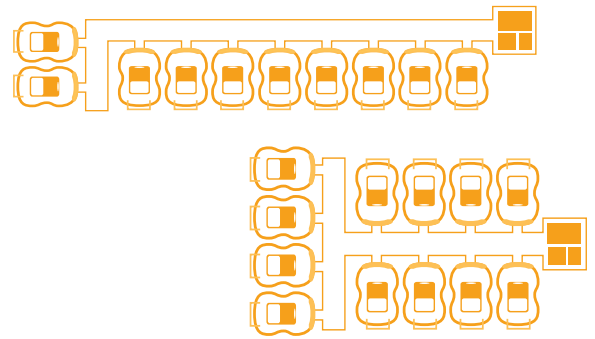

- You want to own your stroller equipment so that you can offer strollers free to guests.
- You want to own your stroller equipment, charge guests a rental fee, and keep 100% of the revenue.
- You are a smaller property that may not qualify for a revenue-share stroller program but you'd still like fun strollers for your guests.
- You just need one stroller vending station but would like to mix single and double and extended strollers all on the same vending unit.
- You want to be able to configure the vending station in a specific format to fit your space.
- You only need a few individual strollers—a vending system is not a fit for you.
- You want wall and entryway square footage to start generating revenue for you.

Feature highlights of Kiddie Kruzzers strollers and vending stations include

- Durable plastic strollers that meet Consumer Product Safety Improvement Act guidelines.
- Variety of colors and themes you can mix and match for fun visual appeal.
- Extended cab strollers available to accommodate larger/older children.
- Double, single, and extended cab strollers can be mixed on the same vending station.
- Vending stations can be configured to accept credit cards as well as cash.
- Return rewards provided automatically to guests who return strollers to the vending track after use.

Safe, organized stroller rental Korral

The Semi-Automatic Kiddie Korral™ provides a tidy, convenient way to organize your strollers and keep them safe with locking chains. Guests procure a rental card from your guest services booth, insert the card into the release box on the Korral, and remove a Kiddie Kruzzers stroller. When they've finished renting they return the stroller, insert the locking chain, and the rental card is released to be returned to Guest Services.

Vending Stations can be configured in a variety of formations.

Vending towers accept \$1 and \$5 bills.

Basic needs? Basic strollers!

Kiddie Kab strollers provide basic functionality at affordable prices. These strollers are available in single and double models. Call today for pricing.
